

Dear God,

Invictus games

Thank you for our remarkable world and the things we have.

Please help us to remember the players in the Invictus games, who whilst serving our country have suffered terrible injuries. Through your love, they have had the courage to fight back and have been able to represent their country to win medals in the different sports.

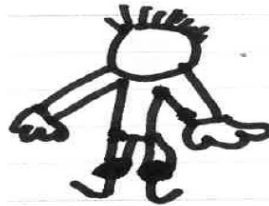

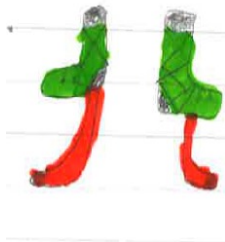

Please help us to be strong, to have the courage the athletes have to overcome any obstacles in our path.

We pray that we may all have a good week and be safe.

Amen

Samuel and Shaquille

All Saints prayer pals
