

## Snowy Weather

Dear God

Thank you for the world, the food we eat, for all the friendly people.

Please help people in hospital, especially the elderly and in poor countries suffering

In the snow.

As the weather is getting worse we pray for all the people who are having difficulties because of the snow and ice. Help them to stay accident.

We pray for anyone involved in car accidents, that they are not too seriously injured and they recover well.

Help us all to behave how Jesus showed us.

Help us to remember and follow our children's rights this week when Sally Holland comes to visit us.

In Jesus name

Amen

Evan and Isabel
