

Dear Lord,

We pray for our loved ones who may be unwell at the moment.

We pray for those people in the world who have lost their homes and are fleeing their countries, help us to show a generous spirit and aid to the migrants.

We also pray for those who lost family and friends in the 9/11 disaster as they remember them on the anniversary.

Thank you Lord for our Queen Elizabeth and for all the years of devoted service she has shown this country.

In Jesus name

Amen
