

Pentecost and Water

Dear God,

Thank you for sending your Holy Spirit to look after us and guide us at Pentecost. Help us to celebrate the Churches birthday.

Help us to listen to the Holy Spirit as it guides us to make the decisions you would like us to make in our lives.

Help us to remember that water is precious and not to waste it. We pray for anyone in the world who does not have clean safe water to drink. We pray for those who are ill because they do not have clean water, please help them to get better and for them to have a tap where they can get clean water.

In Jesus name

Amen.

Faith Y6 and Ben Y5
