

Dear God

Thank you for our family and friends.

Thank you for our food, water and the world

Please help the poor families who are in sorrow,
with their relatives who have died or been seriously injured
in the collapsed of power station in Oxford. Also help the
people who are struggling this winter to find food and work.

Thank you for the new Aston Martin car plant which is
coming to the Vale and creating jobs.

We pray for our sports teams that they are successful in their
matches and are not injured.

Be with us when we celebrate St David's Day this week.

Amen

By Jake and Joshua.
