

Families who are suffering.

Dear God

Thank you for the Christmas and New Year celebrations we have enjoyed.

We pray for anyone who has lost a close family member recently. Help us to remember they are now in heaven without pain. Give the families your strength and love. Help us to support them.

We pray for anyone who is homeless during these cold winter months. Anyone who is unwell, in hospital or who is lonely and sad. Please help them to find shelter, get better and to find support from family and friends.

Amen.

Harrison and Eliza
